Subject: Microsoft Settlement

To whom it may concern:

I wish to express my opinion on the DOJ s trial and settlement. The settlement reached by Microsoft and the DOJ appear to me to be the best compromise to a case that has not hurt the consumer but has hurt "the competion". For the nine States to continue to use the Courts to extend the case beyond the limits perscribed by the Appeals court is in my oppinion a grave waste of the taxpayers hard earned money. And a waste of the court's time and energy for the private gains of the companies located in or adjacent to the States not happy with the DoJ Settlement. Please do everything you can to Stop the Litigation of Microsoft and allow them and America to get on with innovations for the next generation of products that revolutionize the the USA and the World.
